Volume 1

Edition 12

December 2018

Message from the Director

Well looks like this is the last one as Director, didn't want it to be but what's done is done. Two great years of leading the "The Best Damn Hog Chapter" has come to an end. Was planning on doing one more year and get everything ready for the next decade guess it wasn't to be. I'm confident that Paul, Paul, Susan and Howard can "get'er done".

My advice for all of you is to keep going don't stop. You all have great ideas about how to keep making it better. When I joined the Chapter in February 2004 I had no idea what was to come. Boy was I in for a surprise. From The Salvation Army to Hooligans. From being a regular member, to becoming a Road Captain, assuming the role of Head Road Captain for 5 years with 2 of those years also being Safety Director, and then 2 years as just the Safety Director, then a break and then 2 years of being Director. WOW! who would of have thought that a transplant "CheeseHead" would do all that. With Don and Linda Seeley's advice and tutoring I guess I made it thru. Not to mention all of the volunteers. My Board members 2017 Mitch Powell, Bev Lawrence and "Stretch". Then in 2018 Paul Gunness, Susan Doolittle and Howard Robinson. I would not have made it without your knowledge, understanding and helping me thru all the good times and the bad times. THANKS to all of you. In closing I hope that Daytona HOG can continue as "The Best Damn HOG Chapter" That's the things that are remembered good and bad, will direct us in the right direction. That we have volunteers that are willing to invest time in the Chapter. That we have more and more volunteers. That we can make this a fun and enjoyable experience. That we continue safe, fun rides and events.

Hope all of you have Merry Christmas and Happy New Year

THANKS AGAIN FOR ALL THE MEMORIES GOOD AND BAD.

Greg Sieger, Director

Message from the Assistant Director

Greetings Fellow Hog's

I would like to wish each of you and your family the Merriest Christmas and Happiest New Year possible.

As I write my last article of the year I sit and think 2018 came and went in a flash and now 2019 is right around the corner. With a New Year comes new opportunities, memories and ways to just plain enjoy the road in front of us.

I want to highlight some changes coming with the 2019 calendar year. The first change is the elimination of the HOG point system which has been around for several years. After reviewing the responses from the survey that was sent out, the board voted and eliminated the points system. Of the responses received 84% were in favor of eliminating the current points system.

The board voted to maintain the practice of issuing a \$25 gift card once you have completed 20 rides and a \$50 gift card for 50 or more rides. What will take place each month is a list of Road Captains that have planned and completed 2 or more rides during the month. They will be entered into a drawing for a chance to win a \$50 gift card. Two Road Captains will be drawn at each meeting that has planned & completed at least 2 rides.

The board also wanted to encourage volunteering within the Chapter so a similar program was set up for volunteers. If you volunteer for a Chapter event such as the Hot Dog Stand, Biker Block Party, Present wrapping or other event, you will be entered into a drawing for a \$25 gift card and 2 names will be drawn each month.

The monthly meeting times have changed slightly. The meet and great will begin at 9:00 AM-9:30 AM and **meeting from 9:30AM-10:30 AM.** Dates and times are on the calendar.

The monthly board meetings will continue to be held in the small room, just off the Bar Area, at HOULIGAN's Sports Bar & grille. We will be dining 5-6 PM and Board/Road Captains Meeting from 6-7 PM

So we may update our Newsletter and HOG Chapter INFO at the Dealership, right after the January Chapter meeting, Photo's will be taken of the newly elected & assigned position personnel by Mark "Skully" Klayman.

Take care and ride safe

Paul Gunness

NOTICE – CHANGE – NOTICE – CHANGE - NOTICE

From the Chapter Director:

*I know that some will question the reasoning behind such a decision, but believe me it was not an easy one to make. After a long and drawn-out discussion, there was a change agreed upon between the management of **HOULIGAN's Sports Bar & Grille** and the **Daytona Beach HOG Chapter**, so please make note of this ...*

Starting with the January 2019 HOG Chapter monthly meeting

Daytona Beach H.O.G. Chapter Meeting location will continue to be at
HOULIGAN's Sports Bar & Grille

TIME of the Meet & Greet will commence at **9:00 a.m. to 9:30 a.m.**

Time of the General HOG Membership Meeting will commence at **9:30 a.m.**

PLEASE arrive to complete any Chapter business you may have to accomplish prior to the **start of the meeting NOW at 9:30 a.m.**

PLEASE sign-in at the **WELCOMING TABLE**, see the Membership Chairperson for your membership status & dues, please buy your 50/50 tickets, sign-in at the 'Pig-In-A-Poke', enjoy your 'FREE' refreshments provided, see the Quartermaster for all of your Chapter merchandise, patches and other items.

AND most of all, **MEETING STARTS promptly at 9:30 am SHARP!**

Sorry to say . . .

There is not a 'hidden number' in this month's JANUARY newsletter. Last month, if you were at the meeting, you knew that the hidden number was published and it was found by many of the membership but the person that was the owner of that number was not present to claim their reward.

Good news . . .

The 'hidden number' will commence, again, with the **January 2019** edition of the Daytona Beach HOG Newsletter . . . be on the lookout for it . . . The prize will continue to be the same, FREE Membership, now for the calendar year 2020.

Good Luck to all in finding **YOUR** number

Looks like Santa is getting all 'spruced-up' for the Holidays, and looking to get you set for that new H-D Motorcycle that you want under the Christmas Tree.

Hi to all my HOG Family,

Scott and I had the pleasure to have all our friends that took time out of their busy schedules and volunteered at the HDS [HOG Dog Stand] over for dinner at our house. It was also Blanche Loving's Birthday too, and I made her a very BIG BLUE cake? We had a great time. It was sad to say, due to the weather, that we had to cancel our December Holiday XMAS HDS this month. But we will be back next year, 2019, to start the new year right. For the new 'Hoggers' that just joined our family, if you would like to volunteer at the HDS, 2nd Sunday of each month from 7 a.m. to 1 p.m., please contact me through my cell **Marjie @ 484-241-1511** and we will be more than happy for you to join us.

I spoke with Greg a while ago about doing something special for the HDS volunteers that helps throughout the year. So, at our Holiday party next month, Scott and I will announce the #1 Volunteer of the year. This awesome person volunteered almost every month and at time just showed up to help. I already have another idea for next year volunteer. So, come out and help the kids and meet new friends.

We are so blessed to have wonderful friends that that became family. We met these great friends in 2017 when we moved here. Not only do we ride together but we also get together to celebrate other events, or at times just hang out at the beach for dinner.

*From Our Hearts to yours and your Family,
Happy Hanukkah, Merry Christmas, Happy Holidays*

The 2018 Daytona Beach HOG Chapter visit to 'The Casements', winter home of the late John D. Rockefeller, now a historical site in Ormond Beach.

Thanks to Road Captain - Mitch Powell for a great ride over to 'The Casements' in Ormond Beach. ALSO . . A big 'Thank You' to Linda Powell for a great tour of 'The Casements'. Linda Powell is a 'docent' volunteer at 'The Casements' who works at giving 'in-depth', informational tours throughout the home of the late John D. Rockefeller. This time of year is the best for the tour, as it was 'dressed' in all its Holiday splendor with trees and decorations all thru the home, both on the main floor, as well as some of the areas upstairs. After such a great tour of the home, the HOG Chapter riders saddled-up and proceeded over to the RIVIERA Country Club for a great lunch in their dining room that is overlooking the practice 'greens' on the golf course. A great time was had by all in attendance.

BRACING YOURSELF FOR THE FLORIDA WINTER

Mitch Powell

Safety Officer

Yes, it's that time of year when our northern friends and family are posting Face Book photos of snow blocked roads, blocked driveways, and cars buried by passing snow plows. I assume most of us have shown them sincere empathy by posting comments about our mutual harsh winter conditions here including a few photos of ourselves wearing shorts under a palm tree at the beach. Admittedly, Florida is not noted for harsh winters, but anyone who has participated in the International Ride during Bike Week will tell you mornings here can be downright cold. I often joke that Florida has about a two week winter season. However, it's not unusual here during the winter for temperatures to start out in the mid 30's and climb to the 60's or even 70's by lunch time. During these low temperatures, certain safety issues warrant comment. **HYPOTHERMIA** is defined as that situation when body core temperature drops below 95 degrees. Symptoms include uncontrollable shivering, numbness, a decline in our fine motor skills, slower mental reactions and even a loss of consciousness. It doesn't require that temperatures be below freezing. **WIND CHILL** is defined as a quantity expressing the effective lowering of the air temperature caused by the wind, especially as affecting the rate of heat loss from a body. If you consult the Motorcycle Wind Chill Chart (included), you can see that riding 55 mph at a 50 degree temperature results in a wind chill of 25 degrees. For our International Ride these last two years, temperatures started out approximately 35 degrees which when riding at 55 mph resulted in a wind chill factor of zero degrees. If you don't take the proper steps to protect yourself, it won't take long before you'll be in trouble.

Riding Speed (mph)	Air Temperature (degrees F)														
	30	35	40	45	50	55	60	65	70	75	80	85	90	95	100

THE FOLLOWING ARE A FEW HELPFUL HINTS

EAT A GOOD MEAL. Your body needs fuel in order to generate heat.

ALWAYS CHECK THE FORECAST BEFORE SETTING OUT. Invest in a thermometer mounted on your handlebars if you don't already have one to monitor the changes as your ride proceeds.

ADJUST THE LENGTH OF YOUR RIDE. Include rest stops where you can get warm and drink some warm fluids. Of course, avoid alcohol for the obvious safety concerns along with the fact that alcohol promotes heat loss.

DRESS APPROPRIATELY. Dress in layers that will keep you warm starting out that you can later shed as temperatures rise. Avoid cotton as a base layer! Cotton poorly evaporates sweat compared to wool, silk, or synthetic fibers. Moisture is your enemy when trying to stay warm. Don't wear tight or constrictive clothing. You need air pockets between the layers to insulate you from the cold. Bring an extra layer.

BLOCK THE WIND. Outer layers (jackets and chaps) made from leather or wind resistant fabrics are a good choice. Your rain suit can also be effective. Don't forget to zip up your jacket vents. Adjust your fairing vents as well.

COVER YOUR HEAD AND FACE. Full face helmets or three quarter helmets with a face shield work best. Balaclavas and scarfs can protect the neck regions.

DON'T FORGET YOUR FEET. Synthetic, wool or silk socks can keep your feet warm, but remember to leave ample room for your toes to move. Consider lower fairings on your engine guards, permanent or snap on type.

WEAR INSULATED GLOVES. Glove hand liners of wool, silk, or synthetic fabrics can add to your warmth. Remember to leave ample space for your fingers to move.

ELECTRIC RIDING GEAR CAN BE A GOOD OPTION. Electric jackets, vests, pants, gloves, and shoe inserts can make you very comfortable.

EQUIP YOUR BIKE WITH HEATED HAND GRIPS AND HEATED SEAT.

TEST YOUR OUTFIT BEFORE YOU RIDE. This could be a simple ride around your block a few times. Make sure you are comfortable, not too cold or too warm. Make sure you can turn your head easily so that your vision is not restricted. Make sure you can still easily operate your hand and foot controls with the larger insulated gloves and/or possibly different boots.

DON'T FORGET ABOUT THE NEEDS OF YOUR PASSENGER! If they are uncomfortable, I promise that you will also be uncomfortable!

RIDE SAFELY, HAVE FUN AND ALWAYS KEEP LIV'N THE DREAM!

Mitch Powell

Message from the Quartermasters

As another year is coming to an end, Michelle and I would like to thank the chapter for allowing us to serve as your Quartermasters this year and look forward to doing it again in 2019. If you ordered a Chapter Name Tag, they have come in. Please see us at the January HOG Meeting. .. and one last note . . .

We wish everyone a Very **Merry Christmas** and a **Happy New Year!**

Tony and Michelle Foltz
Quartermaster - Daytona Beach H.O.G. Chapter
daytonahogquartermaster@aol.com

Also to note, we are planning to order those "In Memory Of" patches for our recently departed members Don Seeley and Pastor Frank Gresham. If you would like to order one, both or additional patches please let us, Tony or Michelle, know at the January HOG meeting. There will be a sign-up list for one OR both patches to include the item amount. They currently have an expected cost of up to [not to exceed] \$5.00 each. These orders will be on a required 'DEPOSIT FIRST' for any patches you want.

SUPPORT OUR SPONSORS

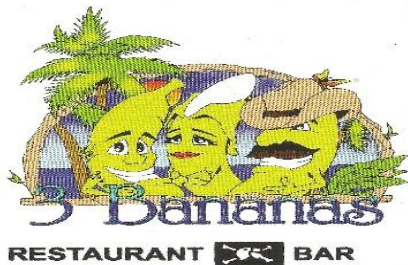

This year there has been a change-up in the way we will be supporting all of our sponsors who gladly buy-in to our newsletter advertisements, as you see in the following pages.

There will NOT be anymore RIDE and have FUN BOOKS as there were in the past. Jackie & Randy Port have solicited those same vendors to advertise in our HOG Newsletter and they have done, so graciously, with a 'buy-in' to the VENDOR SUPPORT PAGES. You will note that some vendors are offering % percentages off of meals, as well as other discounts like AAA, AARP, Military/Veteran.

PLEASE, support those who support your great Daytona Beach HOG Chapter

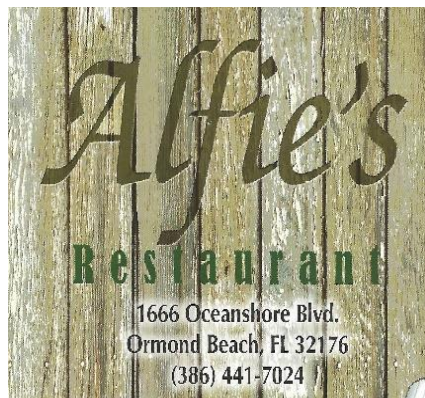

***AS WE RECEIVE ADDITIONAL VENDORS SUPPORTING THIS HOG CHAPTER,
WE WILL UPDATE THE PAGES EACH MONTH***

Bike Stuff

By John Devito

2018 is in the rearview mirror. We didn't get much riding in as we had several health issues. Things are looking up. I start the new year in cardiac rehab 3 days a week for 12 weeks but it's all good. We are both looking forward to adding miles to our bikes in 2019.

In addition to Parking Lot Practice I plan on hitting a parking lot to sharpen my riding skills. Last week I was going into a highspeed right hand turn a little too fast. It appeared to me that I was going to run off the road, not a good idea as there was a fence on the edge of the road. Years of teaching the basic riders class went through my mind. I remembered turn your head and press harder on the handlebars. It worked. The floor board folded up. I dragged the frame, however the rear wheel never lost contact with the pavement. The motorcycle has more ability than its rider. This technique worked for me.

Learning the proper procedure for high speed turns is a must if you plan on riding in the mountains this spring, plus it makes riding more enjoyable no matter what bike you're riding. Diane was on the Tail of the Dragon several years ago on a 400cc scooter. She passed several sport bikes. She was wearing a shirt that said, "you were passed by a girl", not to mention on a scooter.

The approved technique for cornering is SLOW, LOOK, PRESS and ROLL. Slow means slow to an appropriate entry speed. Look turn your head and look in the direction you want to go. Press means press on the handlebars in the direction you want to go. Roll means roll on the throttle, this step plants your suspension and pulls you out of the corner. If you are going into a corner too fast (don't touch your brakes) press on the bars harder. Next corner you should lower your entry speed.

We always talk about and practice slow speed turn, but most of your cornering will be at speeds. Find an empty parking lot and practice by starting off slow.

For a good and safe ride, ride your own ride. If you stay within your abilities, stay within your bike's abilities and within the condition the road and traffic allow, you will always have a fun and safe ride. We are looking forward to riding and having fun in 2019. Thanks to Dan and Roger for all their efforts at PLP. Hope to see you all at the next PLP. Merry Christmas and a happy New Year to all

PARKING LOT PRACTICE

Parking Lot Practice (PLP) will continue throughout the winter months. It is held at the pavilion across from the J & P Cycle Store over at "Destination Daytona".

This is a **FREE** monthly session for Daytona Beach HOG members **ONLY**.

Roger White, Dan Vassallo, and myself [John Devito] will continue to give you the best instruction and practice courses in riding 'your' type of motorcycle.

Be it two [2] wheel OR three [3] wheels, we will continue to endeavor and make your experience worthwhile when attending these instructional courses.

Parking Lot Practice – 1st SUNDAY of the Month – 9 a.m. to 11 a.m.

ALWAYS check the website calendar for any changes OR updates
