DAYTONA BEACH HARLEY OWNERS GROUP CHAPTER #0652

DIRECTOR DAYTONA HOG CHAPTER

RICHARD (Stretch) SAWICKI

THE CHOICE IS ALL YOURS

So . . . you went out and bought yourself a new Harley-Davidson motorcycle, and you were offered a membership in H.O.G. . . . now what do you do?

Well, if you are one of the many, many members that decided to join the local H.O.G. Chapter, here in **Daytona Beach**, well, it's just the beginning of a fantastic journey on the (your) new motorcycle. And, please, don't think that being a member of a Chapter is a lot of work. Well, it's only a lot of work if you want it to be. The great thing about being a H.O.G. member in a local Chapter is that you can make it be most anything you want it to be.

The goal of (this) a Chapter is to "Ride and have Fun" – be it at a social event, a lunch or dinner ride, an over-night Chapter Ride or just meeting-up with other members to 'shoot the breeze' over a cup of coffee. There's also other H.O.G. Chapter events held at other locations and Dealerships throughout the State. That's the nice thing about having that freedom to ride where you want, when you want, with whom you want.

Your Chapter, as a whole, must also come together collectively when there is a need to 'Be-As-One' in the task of working with each other, to achieve the common goal set forth by the Chapter. This could mean attending those monthly meetings, volunteering for one of the many events we planned, working on a fund raiser we have throughout the year, working on a committee, supporting one of the many businesses that support 'your H.O.G. Chapter', and/or attending local and State Rally. And, there is the 'Ladies-Of-Harley' too. They also do much in social and fund raising events.

Joining a local H.O.G. Chapter is about the best way I know of in connecting with other Harley-Davidson riders in doing what comes naturally, RIDING!. Those other Chapter members become an extended family, and what's great is, you can choose.

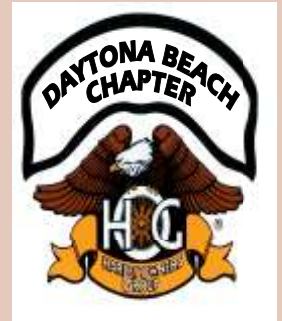

Your membership is what you make of it, but remember, you can sit back and let the rest of the members do it all, or you can get involved, in any way possible, in making 'your' Chapter . . "the Best H.O.G. Chapter in the World".

FIGHTING for BIKERS rights

SAFETY OFFICER: JOHN DEVITO

SAFETY ARTICLE

It seems the beginning of every year talk turns to what trips will I take this year. Our chapter has members that have never been on a month or week long trip and they ask questions. How do I plan, how long to ride in a day, what to carry etc.? I could write a novel on the subject but let me attempt to comment on several misconceptions.

Last year I received a phone call from a friend riding to California. He was exhausted, behind schedule, and not sure if he was going to make it to his destination, let alone back home. He was riding 2 up and attempting 500 to 800 miles a day. He had given himself 2 weeks for a round trip ride to California. There was no way he could stop and smell the roses and no this wasn't an Iron Butt ride.

Diane and I feel 500 miles a day is doable for a one day ride. However if you travel 250 a day this could be a better choice and less tiring. In addition every 4 days we would stop and take a day off, check the bikes do laundry or just sit see.

We took 8 weeks to do 10,000 miles, stopping to visit family and friends along the way. If you divide the miles we rode by the days ridden we averaged 204 miles a day. This means we had several days when we rode 500 miles in a day. The first was to get out of Florida, several to outrun a bad storm the last just to get back home. Yet there were other days when we stopped to see something and had traveled only 100 miles.

All this information means plan your trip. How much time do you have to travel? What are your objectives? Leave time to hold up for bad weather. We had to stay in Branson, MO, for 5 days due to the aforementioned storm.

Everyone will prep their bike for the trip but when I ask what tools will you carry, most say "I have a cell phone". Wrong answer, out west (and on the roads you will most likely choose) there will be little or no cell phone service. Out west you could be waiting a long, long time for help. Be prepared to fix a flat, tighten a bolt or tape up a frayed wire.

Several Daytona HOG has members have loads of experience traveling by motorcycle. If you're planning your first long trip, one that will take several days, ask someone. Last year Diane did several seminars for the Ladies of Harley on packing and planning for a long ride. Everyone is willing to help, after all advice is free.

The United States of America is a beautiful country. Get out there and ride it, but as always please ride safe.

HOG DOG Stand Request

"A Call to Arms"

Well, don't be alarmed by the title of this column, as it's really asking all of you, members of Daytona Beach H.O.G., to think it over and to step forward and take on the task of being the lead person(s) for the H.O.G. Dog Stand we operate at the Motorcycle Swap Meet each 2nd Sunday of the Month, in the parking lot of Destination Daytona.

The mission, if you accept it, is one that is rewarding, worthwhile, pleasing and satisfying in knowing you are one of the people that will make life a bit easier for those children over at 'Camp Boggy

Creek'. You will not be alone in this endeavour to operate and manage

the H.O.G. Dog Stand. There are numerous volunteers that come forward each month in the overall operation of this unit that assist in setting-up, operate, clean-up and breakdown of the stand. These volunteer members know their job quite well and work in unison to provide a topnotch service to all of the vendors and patrons that attend this Swap Meet.

Mike and Dawn Piers have it down 'to a science' in the Sunday operations of this stand. They also will not let you [that special person] who will come forward to take-over the lead for this Chapter Fund Raising operation, be left alone in the beginning. They plan to direct and guide that person(s) in operating the stand the same way it has always been operated . . . with gusto, enjoyment, zest and enthusiasm like they had done. There is a personal enjoyment one can get from working this stand, knowing full well the efforts made pay-off in the long run for those kids at 'Camp Boggy Creek'.

So, please, let's keep a good thing going by stepping forward and 'taking the reins' of this H.O.G. Dog Stand and keep it operational and I assure you, you will not be alone in this operation.

I, for one, will be out there with you, working for the good of the Chapter

Please, we need to keep a good thing going!
