

# The 'HOG CALL'

*Daytona Beach  
Harley Owners Group  
Newsletter  
H O G Chapter #0652*

Volume 1

Edition 9

September 2018

## *From the Director*

Sure hope this weather breaks soon. Hotter now then it was in June and July. We are working hard on the January Celebration and so far are still looking at the Daytona Beach Hotel. Haven't heard anything so are fingers are crossed.

Have some surprises coming at the September Meeting so don't miss out. If you haven't done so all ready, please made sure and get registered for the Picnic September 29th at Spruce Creek Park 12-4. You must pre-register and your cost is \$5 which will be refunded to you at the sign-in at the Park.

Also pre-registration is still on-going for the January 2019 Party, the cost will be **\$25 for members**, and **\$35 for non-members**. We, the Executive Board, so far have openings for 2 positions for 2019, and Mitch Powell has decided to not do Safety Officer. Susan Doolittle has decided to not do Munchkins for the meetings.

So, we are looking for people who may be interested. Please talk to a Board member or contact me.

We also need two people for the Nomination Committee. Linda Powell said she would be on the Committee but we need someone to chair that Committee, and another volunteer. Please consider as we will be looking to fill these two position at the September Meeting.

That's all for now. Any complaints, suggestions or comments do not hesitate to let me know.

As always

Ride Safe and *Dress for the Slide not the Ride*

Greg  
Director - Daytona Beach Harley Owners Group  
Chapter #0652  
386-931-3686

*~If you choose not to decide you still have made a choice~*

## *From the Assistant Director*

As I was pondering what to write for a short article I kept finding myself thinking about the HOG members we have lost recently. Don Seeley, who will always be a legend especially with most of the mature Daytona HOG members for what he did and who he was in the Chapter. Then we lost our Chaplain, Pastor Frank Gresham, a man that brought ministry to people of all walks of life.

I had the opportunity to attend both celebrations of life. It was amazing to hear the stories of life and share in the memories of things I may not have been part of but could almost visualize it from the stories of friends and family. We may lose friends or family but we never lose the memories that are made along the way of this journey we call LIFE.

We are going to have a second round of Let's Go Park-N (2). Details will be disclosed at the September meeting and later published on Facebook.

Elections will be held in November and now is the time to start thinking if you want to run for one of the elected positions on the board.

Thanks for all each of you are doing to make our Chapter GREAT!

Take care and ride safe!

*Paul Gunness - Assistant Director*

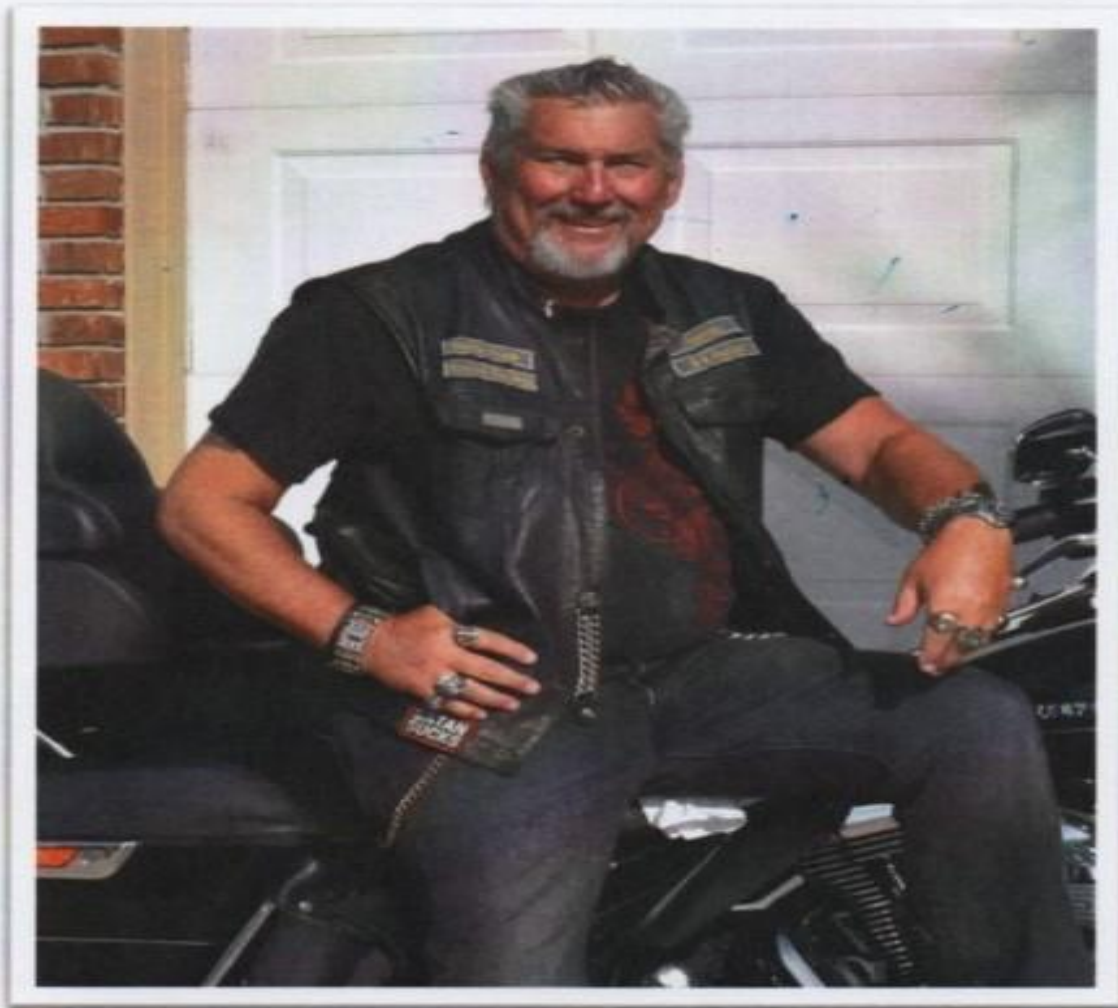

# CONGRATULATIONS

**To the 16 Chapter members who completed the first Chapter Challenge "Let's GO Park'N"**

**Four of these 'Lucky Riders' were winners of the drawing for each, a \$50.00 gift card**

Jim Payne	Ronda Payne	Rod Lebrun	Tony Foltz	Michelle Foltz	Al Zibas
Mike Raymer	Kevin Hutchinson	Lina Hill	Margie Derosé	Scott Derosé	
Howard Robinson	Lynn Bednar	Mike Trippi	Norman Bogard	Jan Bogard	

Celebrating the life of  
**Frank Allen Gresham**

*In memory of our H.O.G. Chapter Chaplain  
Pastor Frank Allen Gresham*

*29 JUNE 1958*

Lubbock, Texas

*01 SEPTEMBER 2018*

Daytona Beach, Florida

Pastor Frank began '*Whosoever Ministries*' back in 1991. As an evangelist, and the noted verse ***John 3:16***, has always been a key element of his Ministry. That verse is the source of the Ministry name and it's focus on reaching people and sharing the gospel.

---

JOHN 3:16

"For God so loved the world, that he gave his only begotten son, that *whosoever* believes in Him should not perish, but have everlasting life."

---

Pastor Frank was preceded in death by his parents John & Rose Gresham. Frank is survived by his brother & sister-in-law John & Mary Jane Gresham, his sister & brother-in-law Kathleen & Bob Everett, and his ever loving wife, Janet [32 yrs.] their daughter & son-in-law Bethany & Kelvin Hamm, Their Daughter & son-in-law Haley & Dillon Ragin, his son Johua Bodwell and their three grandchildren, Oliviana & Nora Emerson and Kelvin James Hamm II.

Frank is worshipping the Lord and is dancing with the angels in heaven. Frank is now pain free, cancer free in a perfectly restored body. His tremendous legacy remains of all the multitude of lives that he did touch in sharing the message of Christ. Frank's ministry will continue here on earth until the return of Jesus. Frank's outreach program will continue at each motorcycle event in the Daytona Beach area, and it will continue to have a presence in the foreign ministry field.

## *From the Ladies Of Harley*

We are looking forward to the LOH Games at the Chapter Picnic. We are also planning a **Ladies Only Parking Lot Practice** – the date will be announced soon.

The Ladies of Harley will be attending a **Board Art Event at Whim Wham in Ormond Beach on September 26, at 6:00 pm**. Pre-registration and project order is required. For more information go to their website; [info@whimwhamartstudio.com](mailto:info@whimwhamartstudio.com) or contact Linda Gilbert at [blskgilbert@msn.com](mailto:blskgilbert@msn.com).

**Chapter Picnic - LOH Photo Op** - We will be taking a group LOH photo at the picnic. Ladies, please wear either your pink or black LOH shirts and bring your bike if you want it in the picture. Lets get a great turnout!

**Go Pink - Ribbon Riders Escorted Ride** - On **Sunday, September 30**, LOH will be participating in this ride to support breast cancer patients. Pre-registration is in progress - [Ribbon Riders | Orlando-based Breast Cancer Advocacy Group](#). LOH will be riding as a group to the event. 8:30am KSU at Saints & Sinners. The ride starts and ends at The Barn in Sanford. On-site registration begins at 9:00 am. \$20 Rider/\$10 Passenger. Official Ride KSU 10:30.

Ride Safe!

## MESSAGE FROM THE DEALERSHIP....

THE MILES YOU RIDE SHOW YOUR  
DEDICATION TO FREEDOM AND THE OPEN ROAD.

# **RIDE 365**

*Whether it's an afternoon get away or a transcontinental journey of a lifetime, every ride you take brings us closer together. Keep track of your lifetime mileage, because the miles count. If you aren't enrolled in the Lifetime mileage program, see your dealer to enroll.*

**What is Ride 365?** Ride 365 is The Official Mileage Recognition Program for The Official Riding Club of Harley-Davidson. Ride 365 includes the existing Lifetime Recognition and two new programs—Annual Recognition and an annual Chapter Challenge.

**Why are we doing it?** To encourage you to focus on the reason you own H-D motorcycles—to ride them!

**What's in it for me as a H.O.G. member?** • Celebrate good times—log your miles and be recognized • Track your riding experience—rack up miles and celebrate the milestones • Contribute to your Chapter's Challenge mileage goal—have fun as you strengthen your Chapter

**Who is eligible to participate in Ride 365?** **Any H.O.G. member can and should participate!**

**If I trade in a motorcycle, can I keep the miles?** Yes. The miles ridden by you, belong to you.

**What if I have more than one bike?** Can I register all of them in Ride 365? **Yes.**

**Can H.O.G. members start the program at any time during the year?** Yes. You may check-in your mileage at any time during the year. The annual program recognizes miles ridden from January 1 through December 31, so it's smart to check-in mileage at the beginning of the year.

**How will the Chapter Challenge be tracked, and what do we win?** There are two ways to win, giving all chapter sizes an opportunity to win: - Total chapter mileage - Average total miles per member • All miles ridden by a chapter member including the miles ridden outside of official chapter events count towards the Chapter Challenge. • Each of the 6 Dealer Markets will have a total mileage winner and average miles per chapter member winner. Each of these (max. 12) chapters will receive a pizza party with a H.O.G. Regional Manager and a plaque detailing the accomplishment.

PLEASE STOP BY THE DEALERSHIP AND HAVE YOUR MILEAGE  
READ.....

## **Emergency Braking**

**Mitch Powell**

**Safety Officer**

Perhaps when sitting around telling “Biker Tales” you’ve heard someone say that they had to lay their bike down and slide to avoid an accident. Is this the last resort when trying to avoid a collision? The simple answer is “No”. Experts are quick to explain that the friction of your tires is far greater than the plastic or metal parts of your motorcycle sliding on the asphalt. You also don’t want to be sliding on the pavement where other vehicles could roll over you! The greater the friction, the shorter the stopping distance. At PLP, club members have practiced the brake and swerve technique to avoid collisions. What happens when the space is very limited to slow down and/or swerve to miss whatever is suddenly blocking your path? Now you are in a true emergency braking situation and if you haven’t practiced it, you are about to confront a world of hurt! In our Basic Rider Course we learned that about 75% of the braking power comes from the front brake. When your front brakes are applied the weight of your bike shifts forward and down on the shocks. The more weight on the front tire increases the friction and increases the braking power. At the same time there is now less pressure on the back tire resulting in less weight, less friction and a reduction in braking power to about 25%. If swerving is not an option, it’s all about reducing speed. The best scenario would be to stop short of a collision, but the next best result is to hit the obstacle at a lesser speed. Nobody wants to collide with another vehicle, but your odds improve dramatically hitting something at 5 or 10 mph rather than at 25-30 mph or higher.

The Motorcycle Safety Foundation recommends simultaneously applying both brakes without locking either wheel for the shortest braking distance. However, MSF admits that most riders can only effectively concentrate on one brake at a time. Many riders actually panic and do nothing. Since the front brake is the most powerful, it is recommended that the rider apply constant pressure on the back brake, and concentrate on the proper graduated squeeze on the front brake. If the back wheel locks, do not release it till the bike has slowed down to a safe speed. Releasing the back brake during a skid at speed will catapult you off the bike when the wheel grabs. If a front wheel locks, you lose steering control. Release the lever enough to allow your front wheel to just begin rolling again to regain steering and reapply. A front wheel lock is very difficult to control usually causing the bike to go out of control and drop. In an emergency situation you may not have time to release your front brake ending the skid and then reapplying it again.

Antilock brakes are a great safety option, but don’t necessarily depend on them to always give you the shortest braking distance. How can you prepare yourself for emergency braking? PLP is a good place to start. You can also find a vacant parking lot to practice your skills. Every time you ride your bike concentrate on stopping by applying a constant pressure to your back brake and gradually increasing pressure on your front brake till you come to a controlled perfect stop. Repetition creates muscle memory and that will give you the skill in an emergency.

**RIDE SAFELY, HAVE FUN AND ALWAYS KEEP LIV’N THE DREAM!**

Mitch Powell, Safety Officer  
Daytona Beach H.O.G.

## Information about your HOG Chapter

Since the last meeting, the Chapter Rides both weekdays and weekends were held, some 'rain OR shine' to various location throughout Volusia and other counties. The weather is starting to change and getting somewhat milder for outdoor activities so come on out and Ride with your fellow HOG members

### AS A REMINDER

Please check the Daytona Beach HOG Website for information, **Updates and Ride Calendar postings**, go to : [www.daytonahog.com](http://www.daytonahog.com) OR [www.brhd.com](http://www.brhd.com)

## BIKE STUFF

*By John Devito*

This past month I've received several questions on traffic laws. You know the type "Hey my friend got a ticket and..."

Can you get a ticket for under 10 MPH over the limit? Answer, yes but either you're a jerk and the officers teaching you a lesson or being nice and cutting you a break on the fine. When does the speed limit change? At the posted sign, I've never heard of any one being issued a ticket at this point, as long as you are decelerating when you reach speed limit sign. If there is a sign warning you to reduce your speed ahead, that could be a different story.

When a traffic offender asked, "what's your quota" I would respond "I don't have a quota they let me write me as many of these as I want". Truth be told I didn't write many traffic citations as we were too busy in Miami to work traffic. Most tickets I wrote were at the scene of a crash.

When riding in a group and approaching a stop sign, does everyone need to stop? Yes, at a stop sign it is required that your wheels stop its motion. That is one of many reasons we work on the pause and go exercise during PLP. If the rider in front of me stops I just roll through the stop sign will that do? If you don't mind getting a ticket. Both North and South Carolina have been known to work stop signs during bike events and write tickets. A full stop is required but it's your call. At what point do I stop at a stop sign? According to Florida law there are 3 places. First at the stop line or stop bar. If none exists then stop prior to entering the crosswalk.

If that does not exist, then stop at the closest point to the intersection without physical entering the intersection.

Is it possible to talk an officer out of giving you a ticket? If you are stopped by FHP (Highway Patrol) motor officer of a car that says Traffic Enforcement, you're getting a ticket. Traffic is their main job and they enforce traffic laws. If the violation is minor and the officer is a sector or local car you may be able to talk your way out of the ticket. Above all stay calm and don't argue, you can't win.

I retired from law enforcement in 1985. I have tried to keep up on the changes however a lot has changed, things have changed. If any of you retired LEO's know different please let me know. I will pass the information on to our chapter.

**No PLP in October due to the Boggy Creek Ride.**

***Now get out there and ride, but as always please ride safe.***

\*\*\* *Important Reminder* \*\*\*

**THAT HIDDEN Number:**

WELL . . . sometimes you win, sometimes you lose . . . Glad to say last month's number was claimed by its owner, so this month is no exception, and this month is no different, as **THERE IS A HIDDEN NUMBER** somewhere in the newsletter, so look carefully and you will find it . . . and when you do find it . . . make sure to check it, IT could be yours. ALL winners must come forward, in person, prior to the end of the H.O.G. Chapter monthly meeting to claim your reward.

Having a little fun down in Sanford while having a great RIDE to Hollenbachs – Thanks to Jerry Gomes

# A WORD FROM THE ROAD

*Jerry Gomes - Head Road Captain*

As you may have noticed, again, we have been able to get more rides and ride events on the calendar, mostly breakfast and lunch Ride's. *HEAT & RAIN*, and as you all know we are into the *HOT & WET* season, and once it's over and the weather breaks I can foresee more lunch, dinner and even some evening ice cream rides going on.

Speaking of Road Captains, we have a pretty good group, but can always use more, especially ladies, if you're interested just let me know, it's easy, fun and there are some little perks involved.

You may have also noticed that we have continued to give out gift cards at the monthly meetings again. **REMEMBER . . . .** All it takes to get 'your card' is to go on twenty (20) rides etc. and you'll get a \$ 25.00 gift card (sorry only once) **"How can we do it?"**

I'll be passing out some more gift cards at this meeting, and there are several of you that need only one or two 'Rides' to get your card. Please see me at the meeting to let you know your **Ride Participation** total status.

Also want to mention the **OFFICIAL HOG RIDE CALENDAR** on the [[brhd.com](http://brhd.com)] HOG website. **This is the only official place to find info on Chapter sponsored Rides. Also, if a ride gets changed, cancelled or for whatever reason, this is where it will be posted.** It's a good idea to double check the Calendar before you throw that leg over your motorcycle and head out.

## RIDE SAFE AND HAVE FUN

*JERRY GOMES - HEAD ROAD CAPTAIN*

### From our staff at the Ride and have Fun Book

Randy & Jackie Port want you all to know its still possible to get in on the RHF Book and all the benefits that go with it. These books are in support of the vendors who have graciously supported us with their yearly donations for riding year 2018.

When you purchase and use your RHF Book, you can get discounts at certain vendor locations. You also let them know that you are a member of this [your] HOG Chapter, and as well gain overall points for the year-end program the Executive Board is working on. These Books are only \$5.00 each – please see Randy or Jackie Port for a Book

# MEMBERSHIP REPORT

## CHANGE CHANGE CHANGE

*In compliance with Harley Owners Group (Mother HOG) we will be unable to collect early renewal registration for 2019 in October and November. All applications must be dated and signed in the current year of which the membership is applicable.*

**ALL 2019 renewal registrations** will start being collected in January and February of 2019 and following months as usual. We will carry all 2018 members on our books until after the February meeting at which time you will be removed if renewal application has not been received. This does not mean you cannot renew after that time, however, you will not be considered "an active member".

Applications will be available for pick up at our monthly meetings. They can be hand delivered starting in January at the monthly HOG meeting or mailed in. If you are unable to get to a monthly meeting, the application is available on the website. Remember that they must be signed and dated for 2019!

I will suggest picking up an application and having it filled out to avoid waiting in a long line during our January and February monthly meetings. We will have extra people assisting in the collection of applications at that time.

Thanking you in advance for your understanding and patience during the renewal process. Any questions please feel free to contact me.

Sincerely,  
*Diane DeVito*  
*Membership Chairperson*

## *The 2019 Harley-Davidson Motorcycles*

*Well . . . THEY are here, and what motorcycles they are. The 2019 model year is quite exciting as for the colors, trim packages available, and other options for the models. The "114" engine is now available as standard engine model design on the upper -class touring models, and especially the 2019 TRIGLIDE. Whoo-Wee!! A '114' in a Trike seems about time they put some 'moxy' on that three-wheeler. This may be the way to go now that they [H-D] is listening to the customer and now offering those type engines, drivelines, color options and other goodies. There are more options in the TriGlide braking system with [ABS on a Trike] to include suspension improvements for the riding & cornering. Please get over to the Bruce Rossmeier H-D Dealership soon, as those 2019 motorcycles are now on the main floor, ready to be sold. Please see Mr. Will Rossmeier and/or the excellent Sales Staff for all your motorcycling needs.*

The numerous Trikes [and owners] who attended the Dealership's first TRIKEFEST. Ride to Titusville, 'Dogs-R-Us'

*Daytona H-D 1<sup>st</sup> Annual TRIKEFEST 2018 Lunch Ride*

# The "HOG CALL"
