### ***How long does a motorcycle tire last?***

**1. Tread** - First of all, you should check if your tires have tread. State and federal regulations dictate that your tires must have anywhere between 1/32 and 2/32 of tread depth. That said, the middle of your tire gets into the greatest contact with road surfaces. As such, this section tends to wear out before the rest of the tire. **2. Defects** - Second, you should check your motorcycle tires for defects. Although the required tread might be there, the sidewalls might have cracked. This cracking is typically referred to as dry rot, and it is a clear sign that the time is ripe for you to get a tire replacement. Alternatively, the tire might have a worn out, square profile. In case you lean your motorcycle into a turn, said tire won't feel as good as it did when it was still new. This indicates uneven wear and calls for a new tire. **3. Age** - The age of the motorcycle tires also comes into play when you think about how long motorcycle tires last. To this end, it is imperative that you learn how to check your tire to see the level of durability recommended by the manufacturer. On average, the front tires on a typical bike should last 15,000 miles. Rear tires, on the other hand, will last for around 12,000 before you need to change it. Of course, your tires will only last quite as long if you maintain them well and get them checked on a regular basis.

## *Message from the Director*

Greetings Fellow Hog's

The last month has passed by in a hurry as family commitments took us back to the wonderful temperatures and sights in Wisconsin. The only thing missing on this trip has been my cycle. Driving through the scenic hills and valleys is nice but not as relaxing as on my Harley. The trip has been a welcomed change from the extreme heat and Florida sun, perhaps some of the cooler temps will follow us back.

I have had time to reconnect with friends and family and hear many adventures of another great outing by those that attended the Sturgis motorcycle rally. Next year will be the 80th anniversary of the Sturgis rally and it sounds like many plans are already underway. Having attended the 75th be sure to book your rooms early as they won't be available long.

Speaking of a Motorcycle Rally, our very own Daytona Beach Biketoberfest is only weeks away and we all know the fun and excitement that takes place. I'm sure the dealership will be asking for assistance during the event so if you want to join in keep your eyes and ears tuned in for more details.

Our HOG Chapter Picnic will be taking place in September which will also include live music, good food and prizes.

As always I remain open to discuss anything chapter related so please feel free to reach out to me or one of the other officers.

***Take care and ride safe!***

## *Message from the Assistant Director*

Susan and I had the pleasure of representing the Daytona Beach HOG Chapter at the Annual J.J. Martin Day – at the Volusia County Mall, sponsored by the **‘ORMOND STRONG’ organization along with the Vietnam Veterans of America – Chapter #1048**. It was a Salute to ALL Veterans, both male & female, along with First Responders, Police, Fire, Emergency Squads, Sheriffs and Emergency Services personnel. It was great to see woman of the Armed Forces honored for their services and sacrifices, as well as other individuals for their accomplishments. We even had the pleasure to witness one of our own HOG members, Mr. Jerry Gomes receive a Leadership Award. It was a great day and all in attendance had a very patriotic experience.

### **Fall Picnic**

**NEXT MONTH - September 28<sup>th</sup>**, it will be here before you know it! **Only ONE more Chapter Meetings left to sign-up for the picnic!** Members pay \$5, guest \$10 to sign-up; members get their \$5 back when they show up for the picnic. Because we are having the picnic at the Destination Pavilion, we have ample pavement for motorcycle games this year! John DeVito will challenge your skills with games like slow race and others. And as always, Ladies of Harley will host games of chance with opportunities to win BRHD Gift Cards. We have live music this year and catering by The Chicken Pantry. Menu includes Fried Chicken, Italian Sausage w/peppers & onions, Meatballs in marinara sauce, Hoagie rolls, Mac & Cheese, and Coleslaw. If you are not able to attend the chapter meetings and want to go to the picnic, contact Gail at [activities@daytonahog.com](mailto:activities@daytonahog.com)

### **Christmas Party**

Tickets for the Annual HOG Christmas Party will go on sale starting this month – at the August HOG Chapter Meeting! The Shake, Rattle, and Roll in a Winter Wonderland Christmas Party is **Saturday, Dec 7<sup>th</sup>** at the Halifax Plantation Golf Club. There will be a cocktail hour from 6-7 pm with passed Hors D'oeuvres (spanikoita, sesame chicken skewer, and coconut shrimp), with a plated dinner served at 7 pm - options are Salmon, Chicken Piccata, and Prime Rib. Music will be provided by The Silvertones Rock-n- Roll Revue, and of course there will be door prizes along with best dressed and dance contests! Tickets are \$30 for members, \$40 for guests. Questions? Contact Gail at [activities@daytonahog.com](mailto:activities@daytonahog.com).

### **Volunteer Opportunities**

We are looking for two more volunteers to help with cleanup after the Fall Picnic. See Gail at the Chapter Meeting or email [activities@daytonahog.com](mailto:activities@daytonahog.com). By volunteering, you will be entered into a drawing for a BRHD gift card!

## *Message from the Head Road Captain*

As always, IF you want to 'RIDE' to a specific location, restaurant, city, town or special venue, then please let me know so I can get the Road Captains to plan and execute a 'requested RIDE' on the calendar in the near future.

**Respectively Submitted,**

## *Message from the Membership Chairperson*

Membership is rolling right along and there is a lot going on in the club. John and I have been busy with our family and are traveling to Texas this month to see our grandson graduate from BMT (Basic Military Training) in the United States Air Force.

Please remember to let me know when your National HOG renews so I can update our data system. I know I sound like a broken record, but it is important to keep current.

**Daytona HOG will need a new Membership Chairperson for 2020** as I will be passing the torch. It's been challenging and fun over the last 3 years. I have met so many wonderful people up close and personal as they register. I will tell you that you need a computer that handles the Access Program as that is what our data base is. I did not realize that when I took over this position so off to the computer store we went to buy a new computer!

Please let me know if you are interested. I will not leave anyone hanging with all the renewals and new member registrations in January and February. I will work with you side by side in the beginning.

# Road trip to a Family Reunion

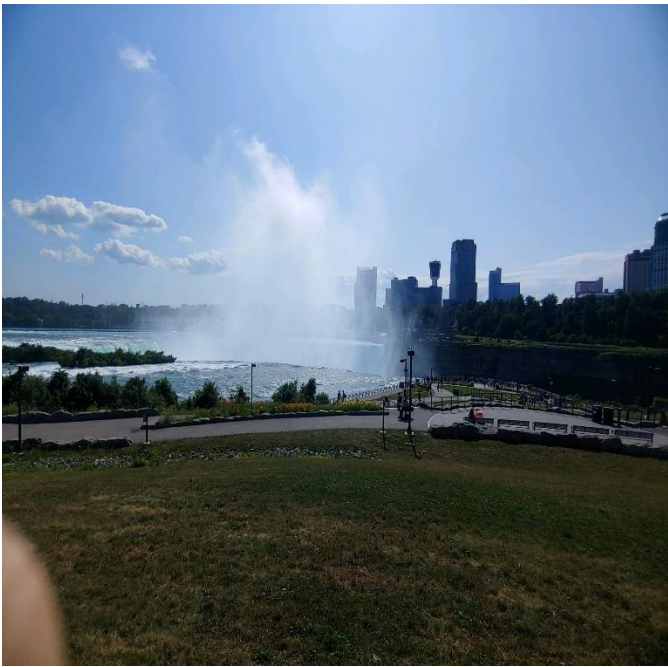

When last month's HOG meeting was being held, I was well underway, towing my Trike, north to New Jersey to meet-up with a riding partner [over 20 yrs. now] in heading to my Family Reunion in Greenville, N.Y. Tom Walsh and I had planned this trip earlier in the year and made a vacation [for him] and a memorable trip for me, making it to the 30<sup>th</sup> Borwegen Family Reunion [mother's side].

We started out from Toms River, N.J. bright and early on Sunday morning, on back roads I had not ridden in over 15 years, heading north towards the Delaware Water Gap [Rt.80] crossing over into Pennsylvania. Our planning had been to go north further up into PA. and then ride west on Route 6, from Scranton, PA. towards Erie. Rt. 6 is known as the 'Grand Canyon of PA.' After going thru the 'GAP', we kept an eye-on-the-sky, as they say, and hastened our trip a bit due to a massive storm brewing over the Pocono Mtns. of PA. and moving eastward in our direction. We managed to reroute north of the 'GAP' and ride our way to the northwest corner of Scranton and then head east and south till we came to Rt. 6 west. Staying dry and still on track for our adventure.

Well . . . as plans go, sometimes you have to make adjustments. Our first night stay was in a town called Mansfield, PA. on Rt. 6. The next morning it was raining, and I mean RAINING! We elected to stay put at this Hampton Inn lodge, and was not about to get drenched, soggy and chilled IF we didn't have to. The weather on the next morning brought colder air and sun. OFF we rode, west on Rt. 6 again thru the 'Grand Canyon' area, the Allegheny Forest and on to the town of Warren where we turned north on to Rt. 62 leading us all the way into city of Niagra, and to the Falls.

Our goal for this leg of the journey was to get over to Niagra Falls in N.Y. it was challenging just to ride into the city of Niagra, not to mention finding a parking spot and seeing the Falls.

We managed to find parking in the Niagara Falls National Park on Goat Island which is between both sets of Falls. It was free for motorcycles and we could walk between both sets of Falls. We had a great afternoon touring the area, and had our bikes right next to the Park Rangers booth so he watched our travel bags on our bikes as we walked around the area. The temperature did climb back into the upper 80's and humidity here was almost like back home here.

After the visit and a small, late lunch, we decided to leave the area just before the 'rush hour' began and headed out-of-town going up along lake Ontario shoreline heading northeast.

Little did we realize we were headed into the area of Rochester, N.Y. and found-out the traffic is horrible there. We stopped for a quick coffee and some planning. We waited for the locals to go home and we then

headed out, again, along the lake shoreline making it to a nice lodge in the Sudus Point and Bay area by nightfall.

The next morning we ventured, still in a northeast direction working as many back roads as possible, headed towards the 1,000 Islands region along the St. Lawrence seaway. We rode exceptional back roads and local streets making it to Oswego and still staying along the lake shoreline, coming to Mexico, Romano Beach, Port Ontario, Henderson Harbor, Sackets Harbor and many other great towns along this back country route. We managed to follow the route and get to Cape Vincent and ride along the St. Lawrence seaway seeing many of the lake's grain, ore ships.

We rode our way along the St. Lawrence and stop in Alexandria Bay for lunch and a walk about town. Then east towards Messena, N.Y. where we had a chance to see the Eisenhower shipping locks in operation, lowering and raising those lake ships from the upper St. Lawrence seaway into the Lake Ontario waters.

After this stop, it was on southbound riding the most beautiful part of New York state, thru Adirondack Forest region, Lake Placid, Silver lake, Ferris lake and other great areas, crossing south of I-90 near Amsterdam and going towards Cobleskill, under I-88 and on into our stop in Oak Hill, N.Y. where we planned our stay in a B & B The Dewitt house, once a stage stop through the Adirondacks and Catskills region. We had made reservations in this locale, as it was only 3 miles to my cousin's house where the Reunion was going to take place.

The accommodations were great, the three-course breakfast meals were well out-of-the-ordinary with an international theme every morning out back along the stream. Nothing like getting away and enjoying life. There were others staying at the Dewitt house too, and we all got to know others plans. One couple, from 'Hell's kitchen' in N.Y.C. was there for an anniversary get-away, and the other couple was there touring the area from West Virginia looking to see the sights of WOODSTOCK, N.Y. (south of our location) where they had been in attendance 50 years ago. Tom and I noted we were there for the Reunion and were also touring the area as well. The weather . . . daytime was in the mid 80's, but it was great at night, no air conditioning, and slept with the windows open all night with the cool air in the valleys and hollows.

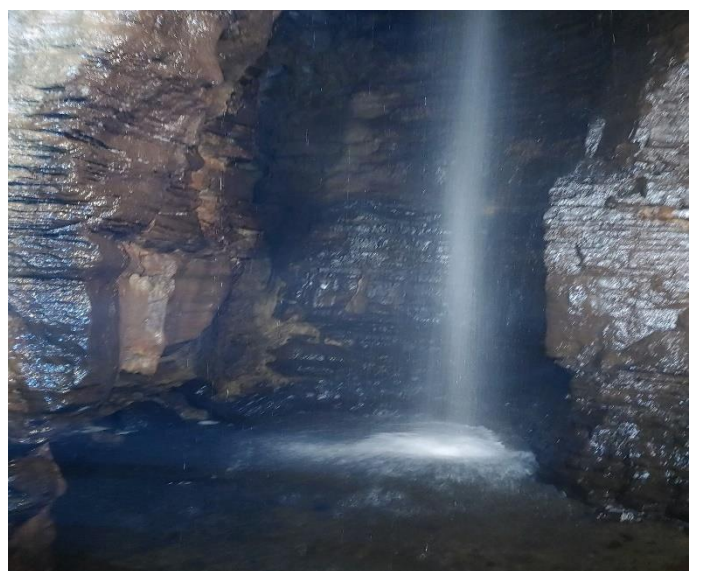

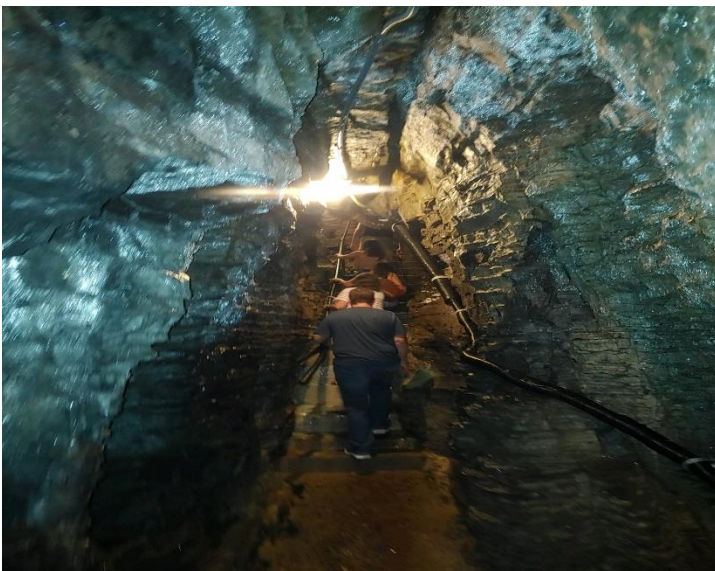

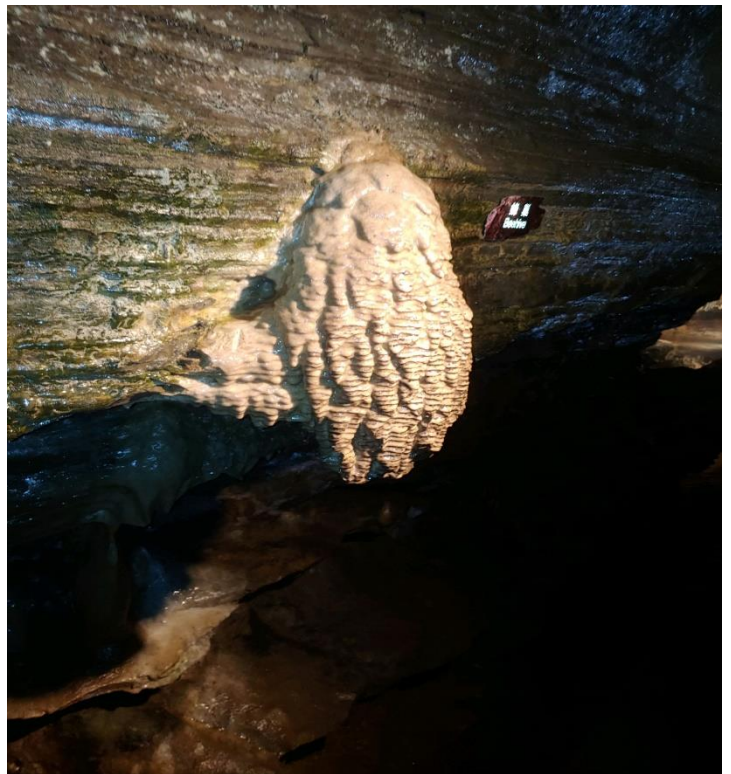

Then, for the next four days it was a great Family Reunion with over 80 members of the family coming into this area, meeting at Ralph's place and enjoying each other's company, catching-up on family news and other items. There was riding each day to various attractions and sights in this part of the Catskill Mountain region. Food, drinks and other menu items were plentiful, as well as a lot of home cooked deserts and pastries.

For the first time in about 20 years, my younger brother, Charles, attended this event. Somewhat of a family issue held him back all these years, but it was great to have two of us, out of four, there at the Reunion this year. Older sibling Mike was not able to make it from California, and sister Anne was held back with health issues after a stroke. All in all, we had a great gathering of family and friends that made this trip/vacation well worthwhile for the travel throughout New York state.

Cousin Bill from N.J. and wife Cathy having a great time with another cousin, Joe Brocard from Sweetwater, Oregon [at age 90] there was a great meal the last evening of the affair with an 'Open Bar', music, dancing and an all-you-can-eat Bar-B-Que spread of brisket, ribs, chicken and steaks with all the fixins' and such.

A side trip one day was up to the 'Secret Caverns' in Barnerville. We had a guided tour of the caverns, and found out I can fit in some really tight spaces and passages. There were plenty of things to see as we walked deeper and deeper into this place, with it culminating at the end where there was a 150 ft. underground waterfall. Temperature was at a constant 50° degrees and a humidity of about 65%.

All in all, it was a great trip/vacation to attend this Reunion. The riding was excellent and we put over 2,250 miles on the bikes with this 10 day 'RIDING' adventure [Tom his RoadGlide and myself on my TriGlide] Upon returning to N.J. I did a layover at Ft. Dix Army Base/McGuire Air Force Base then U-Hauled trailered the bike back home here to Florida. It was great and look forward to next year's 2020 Reunion, as I do not have to travel so far ... host will be cousin Ricky and wife in Dunnellon, Florida.

Scenic overlook on route 28 thru Durham County

Ready to roll, uphill, to the next stop

A sign you really won't see in Florida

A perfect ending to a great Family Reunion

# ***HAND SIGNALS***

*Mitch Powell*

*Safety Officer*

One of the most important skills in safe group riding is the proper uniform use of hand signals. In this chapter you may often hear the Road Captains mention in their pre-ride instructions to use the Motorcycle Safety Foundation (MSF) hand signals. I have attached two charts showing the MSF hand signals. These charts go beyond the basic right, left and stop hand signals we all had to learn to get our first basic driver's license. Electronic hand signals are useful in our everyday riding, but they are not as effective as hand signals on a group ride. If a Lead Road Captain provides an electronic signal only, it will not be visible farther back in the group leaving those riders including the Sweep Road Captain at a loss to know what is about to happen. Hand signals are much easier to see and it is the responsibility of all riders in the group to pass those hand signals to the rear so that all riders know the Lead RC's intentions. It's a beautiful sight when all riders snap the hand signals at the same moment. It's not just a cool thing to see, but a necessary component of a safe group ride. Some of the most common signals used with the exception of the basic turn signals are the double file and single file signals. An arm raised high over the head with a single index finger pointing up signifies a single file formation. This is often used on a narrow road with limited shoulders. Remember the two second rule when following a rider straight ahead. HOG recommends single file formation thru all construction sites. The same signal with the single finger pointing to the edge of the road is the warning that there is a hazard at the margin of the road such as a parked car, bicyclist etc. Single file formation is terminated when the Lead RC raises an arm high over the head with two fingers pointed up. This directs a return to the staggered formation. A hazard in the road can be signaled by pointing with a foot or hand. All riders should become familiar with the MSF hand signals and remember they are useless if not passed to the riders behind. RIDE SAFELY, HAVE FUN AND ALWAYS KEEP LIV'N THE DREAM!

# BIKE STUFF

*John Devito*

*PLP Instructor*

Mark Klayman from BRHD spoke at our July HOG meeting about Harley's electric bike, the *Live Wire*. I heard a few members moan and groan, then after the meeting I heard more of the same. Let me give you my 2 cents worth. Some of you may know for over the past 10 years I have worked demo rides bike week and Biketoberfest for several different motorcycle manufactures. One of them had an electric motorcycle. I rode their electric motorcycle during the events. At first, I rode it as a dare not having any interest. The more I rode it the more I liked it. It was cool. It was smooth, it had plenty of power and no engine heat. This model had a transmission. I felt this was unnecessary. I started out in any gear I wanted and stayed there. I didn't have to shift when riding. I really wanted to purchase one. A major downfall for me was it only had a 70 mile range. Hell, I couldn't make it from my house to our dealership and back without a recharge. At that a recharge took 24 hours. This company had a small market share and folded as they didn't want to invest in bringing the rest of their fleet up to current emissions standards. They put their money into another brand they that they owned.

Back to the *Live Wire*.... I read it will be the first of 3 electric bikes the motor company plans on manufacturing. It has double the range and a quicker charging time than the one I rode.

Harley brought a *Live Wire* to the speedway during bike week. It was running on a rear wheel stand. It looked like a dyno, but it wasn't. I was able to ride it in place. I felt silly but did get the feel of it. In addition, I was able to see how the regenerative braking worked. This feature would increase the bikes range when in traffic but not on the highway.

Don't knock it until you have had a chance to try one. If I wasn't retired, you just might find one in my garage.

Lastly you may have heard I'm retiring from PLP. Yes, it's true. It's been 20 years so I'm taking a break. Dan, Bob and Roger will continue the good work we have been doing. I'm also not renewing my rider coach certificate. I'll attend PLP when I am here, but I can't commit monthly as I did.

Thanks to all who have participated and have assisted in picking up cones. The time and place should remain the same, however, check the calendar to verify. AND .. Yes, this is my last article.

*All The Gear All The Time*, ride and have fun, but please ride safe.

# **RIDE 365**

*Whether it's an afternoon get away or a transcontinental journey of a lifetime, every ride you take brings us closer together. Keep track of your lifetime mileage, because the miles count. If you aren't enrolled in the Lifetime mileage program, see your dealer to enroll.*

**What is Ride 365?** Ride 365 is The Official Mileage Recognition Program for The Official Riding Club of Harley-Davidson. Ride 365 includes the existing Lifetime Recognition and two new programs—Annual Recognition and an annual Chapter Challenge.

**Why are we doing it?** To encourage you to focus on the reason you own H-D motorcycles—to ride them!

**What's in it for me as a H.O.G. member?** • Celebrate good times—log your miles and be recognized • Track your riding experience—rack up miles and celebrate the milestones • Contribute to your Chapter's Challenge mileage goal—have fun as you strengthen your Chapter

**How will mileage be tracked?** You must have your odometer mileage validated at your H-D dealership at the beginning of the calendar year. After that, you can return to the dealer throughout the year to add to your total annual mileage. **Can I enter mileage myself?** To maintain the integrity of the program, mileage must be read and entered at authorized Harley-Davidson Dealership.

**Who is eligible to participate in Ride 365?** Any H.O.G. member can and should participate!

**If I trade in a motorcycle, can I keep the miles?** Yes. The miles ridden by you, belong to you.

**What if I have more than one bike?** Can I register all of them in Ride 365? **Yes.**

**Can H.O.G. members start the program at any time during the year?** Yes. You may check-in your mileage at any time during the year. The annual program recognizes miles ridden from January 1 through December 31, so it's smart to check-in mileage at the beginning of the year.

**How many times each year do H.O.G. members have to check-in their mileage?** You need only to have your odometer checked in two times each year at the dealership—the first time to validate miles on or after January 1, and the second time is for a final annual total on or before December 31. However, you'll want to check in with your dealership frequently to enter your updated miles so you can earn digital badges and add to your annual and chapter totals throughout the year. Adding your mileage will instantly update the HOG.com website and your chapter totals.

**What are the individual levels, rewards and recognition offered in the Ride 365 program?**

- 1,000 miles Digital badge
- 2,500 miles Digital badge
- 5,000 miles Digital certificate & digital badge
- 7,500 miles Digital certificate & digital badge

- **10,000 miles Digital badge, certificate & patch**
- **15,000 miles Digital badge, certificate & patch**
- **20,000 miles Digital badge, certificate & patch**
  
- **25,000 miles Digital badge, certificate, patch, Challenge Coin**
- **50,000 miles Digital badge, certificate, patch, Challenge Coin**
- **75,000 miles Digital badge, certificate, patch, Challenge Coin**
- **100,000 miles Digital badge, certificate, patch, Challenge Coin**

PLEASE STOP BY THE DEALERSHIP AND HAVE YOUR  
MILEAGE READ.....

## Message from the local Harley-Davidson Dealership

### ROSSMEYER REWARDS

In celebration of 25 years in business, we are rewarding you - our most valued customer - with a brand new points reward program designed specifically to enhance your shopping experience at each of our Bruce Rossmeyer's Harley-Davidson® store locations.

When you join our free Rossmeyer Rewards program you'll earn valuable points for every purchase you make at Daytona Harley-Davidson® and New Smyrna Harley-Davidson® which can then be redeemed toward future purchases. That's right, shop with us, receive reward points for each purchase then redeem those reward points on even more great Harley-Davidson® items!

#### Here's how it works:

Sign up for your free Rossmeyer Rewards Card with one of our sales associates.

Carry your card and each time you shop present your Rossmeyer Rewards Card for credit to your account on all qualifying transactions at checkout. You must present the card at time of purchase to add the points - so carry your card at all times.

As a loyal Rossmeyer Rewards customer we will credit you points for every \$1.00 spent on nearly everything you purchase in our parts, service, MotorClothes® and motorcycle rental departments (excludes motorcycle purchases, internet/on-line purchases, taxes, promotional add-on items, and certain service/ warranty work - see store associates for details).

As your Rossmeyer Rewards points increase, so do your rewards which can be redeemed for dollars toward future purchases in Bruce Rossmeyer's Daytona Harley-Davidson® and New Smyrna Harley-Davidson® anytime you like. Maximum points a member can have at any one time is 10,000 points.

Rossmeyer Rewards points will expire at the end of each calendar year.

Rewards become available up to 24 - 48 hours after your purchase and 48-72 hours for specials.

To convert the points to a Rossmeyer Reward certificate simply print the certificate as instructed and bring it to our dealership where the cashier will apply it to your purchase. Reward certificates printed by the customer will automatically expire within 30 days from the date that the certificate is printed. Lost or stolen certificates cannot be replaced. Defaced certificates will not be accepted by the dealer. Reward certificates cannot be redeemed for cash. Reward points cannot be issued retroactively so carry your card at all times.

Once you redeem your rewards, the points will be automatically deducted from your total.

Only one Rossmeyer Rewards card per person will be issued. Replacement cards will invalidate previous accounts which may result in loss of earned point totals.

### **Earn Bonus Points!**

Rossmeyer Rewards members will be the first to know about the arrival of new items and services. Plus, we will notify all Rossmeyer Rewards members of ways to increase your earnings with bonus point offers for attending special events and unique sales events throughout the year which can occur at anytime, in any department!

### **Daytona & New Smyrna Beach H.O.G.® Member Special Benefits**

Bruce Rossmeyer's Daytona and New Smyrna Beach H.O.G.® members who participate in the Rossmeyer Rewards program will be awarded 2.0 points per \$1.00 spent in the Bruce Rossmeyer's Harley-Davidson® stores. That's twice as many as non-members! Bonus points will also be awarded for a member's active volunteer service during special events and other approved chapter activities. See store H.O.G.® coordinator for details.

### **MOTORCYCLE SALE REFERRALS GET EXTRA POINTS!!\***

Customers who refer Bruce Rossmeyer's Harley-Davidson® to friends and family who purchase a motorcycle from either of our Florida dealerships will be awarded bonus points in the Rossmeyer Rewards program at the following levels:

- 2000 points for the first referral.
- 3000 points for the second referral within one year of first referral.
- 4000-points for the third referral within one year of first referral.
- 5000 points for the fourth referral within one year of first referral.

\*In order to qualify for the referral points, the motorcycle purchaser must identify you - the referring Rossmeyer Rewards member - to the sales person and finance manager prior to the motorcycle purchaser signing the purchase paperwork and taking delivery of the motorcycle - absolutely no exceptions.

## Message from the Quartermasters

Good day fellow members . . . .

Stop by the Quartermaster Table before the meeting to purchase your HOG merchandise we have in stock. ALSO to note, we can order other HOG items that you may want just by checking out the HOG Merchandise catalog and letting us know the item and quantity you would like us to order. The Holidays are soon approaching and there are great 'stocking stuffers' you can buy here for that reason. Hope to see everyone at the August HOG meeting.

*Tony and Michelle Foltz*

### REMEMBER

CHECK THE DAYTONA HOG WEBSITE AND FACEBOOK PAGE FOR INFORMATIONS,  
RIDES, EVENTS, SPECIAL HAPPENINGS, DEALERSHIP PARTYS, Etc.

AND ... THERE IS A NEW PASSWORD TO THE 'MEMBERS ONLY' SECTION ...

PLEASE ASK AN EXECUTIVE BOARD MEMBER FOR IT AT THE HOG MEETING

### NOTICE - NOTICE - NOTICE

For those that DO and/or DO NOT know the rules for the "HIDDEN NUMBER" let's refresh:

1. The 'HIDDEN' number is located within the pages of each DB-HOG monthly Newsletter  
IT is for you, the HOG member to FIND IT, CHECK IT and SEE IF it is your current  
NATIONAL HOG Membership Number.

2. You also must be a member in good standing with the HOG Chapter.

3. IF it is your number, you must come forward PRIOR TO, DURING or BEFORE I make the  
Monthly Newsletter Report at the meeting ...

4. YOU can also come forward and reach-out to any Executive Board member OR to me, the  
Editor, letting one of us know you are the 'owner' of that number and claim your reward.

5. The prize for finding 'your' number and claiming it is as noted:

A 'FREE' one (1) year [next calendar year] HOG Chapter membership [value @ \$20.00]

## **PARKING LOT PRACTICE**

Parking Lot Practice (PLP) will continue throughout the current RIDING year. It is held at the pavilion across from the J & P Cycle Store over at "Destination Daytona".

*The location (at Destination Daytona) may change due to the type exercises planned*

This is a **FREE** monthly session for Daytona Beach HOG members **ONLY**.

Roger White, Dan Vassallo, and other riders, as well as myself [John Devito] will continue to give you the best instruction and practice courses in riding 'your' type of motorcycle. Be it two [2] wheel OR three [3] wheels, we will continue to endeavor and make your riding experience worthwhile when attending these instructional courses.

**Parking Lot Practice – 1<sup>st</sup> SUNDAY of the Month – 9 a.m. to 11 a.m.**

***PLEASE SUPPORT OUR SPONSORS***

*This year there has been a change-up in the way we will be supporting all of our sponsors who gladly buy-in to our newsletter advertisements, as you see in the following pages.*

*There will NOT be any more RIDE and have FUN BOOKS as there were in the past.*

*We, Jackie & Randy Port, have solicited those same vendors, as well as new ones, to advertise in our Daytona Beach HOG Newsletter. They have done so graciously, with a 'buy-in' to the VENDOR SUPPORT PAGES*

*You will note that some vendors are offering % percentages off of meals, as well as other discounts like AAA, AARP, Military/Veteran*

***PLEASE, support those who support your great Daytona Beach HOG Chapter***  
***REMEMBER .... YOU CAN SUPPORT EACH and ANY VENDOR .... ANY TIME, ANY DAY***
