JANUARY 2019

*Temperatures are down, the sun sets early, we all take it in stride . . . . But! we'd rather be out in the countryside enjoying the scenery on a motorcycle RIDE!*

*THEY go together, so good!*

# *Message from the Director*

Greetings Fellow HOG's,

*This is my first article for the Newsletter as your Chapter Director for 2019. I want to thank out going Director Greg Sieger for his dedication over the past years, especially as Director for the past two years as well as everyone else responsible for making this the best damn HOG Chapter possible. I am honored to serve in this leadership capacity and hope I can fill the position in the required manner.*

*I also want to thank everyone that has agreed to step up and serve in various capacities during the next year. Without each of your dedicated service we would not be the best the best damn HOG chapter around.*

*As I write this article we will have concluded our Holiday party which I am sure there will be much fun. We will begin the process of securing a location and date for our next party which will hopefully be a Christmas party before the end of 2019. Of course this will depend on venues available and cost associated but rest assured we will move this forward.*

*We will also be working towards securing a venue for our fall Picnic and like everything else it comes with much organization and planning.*

*As a board we are here to serve you as a Chapter member, while we cannot always make everyone happy you can rest assured we will always look out for the best interest of the Chapter as a whole. The elected board is open to new ideas and will be trying some fresh things throughout the year. Our primary goal is to enhance your riding experience as a Harley Owners Group member through socialization with likeminded people while enjoying the open road.*

*Enjoy the journey and as always ride safe.*

***PAUL GUNNESS***

***Director - Daytona Beach HOG***

## ***VOLUNTEERING***

*With the start of the new year, 2019, there are opportunities for all Chapter members to get in on the rewards of volunteering for Chapter Sponsored activities. We have the HOG Dog Stand, Biker Events at the H-D dealership, Chapter Table during Bike Week, the HOG Chapter Gift Wrapping Services during the Holiday Season, Annual Picnic Committee, Holiday Party Committee and other Chapter sponsored activities.*

*Volunteers will now be placed into a drawing, each month, that makes you eligible to win one of two \$25.00 H-D Gift Cards.*

## *Message from the Assistant Director*

Hello All,

Let me begin by thanking everyone who voted for me in the Board Elections. I will try to do a good job for all and welcome the opportunity to serve. My priorities are simple, to promote and support the group and to put a positive and renewed effort on putting a public face on the organization. How can we do this? By being visible and contributing to the community as part of being a riding club. I have already been in contact with Habitat for Humanity of Volusia County to explore opportunities for us to participate. More on this during the upcoming monthly meeting.

We can do this in conjunction with a ride and I plan to pursue other efforts like this with the Daytona and Ormond Beach Chambers of Commerce and other public entities. We will get press on each of these in the local paper and Susan is in touch with the News Journal on other similar items such as these.

I think these efforts will help us show off our club publicly and help attract new members.

If anyone has any suggestions along these lines, please let me know. It is my personal belief that we all want to give back in some way and this is an opportunity to start. Thank you and good riding.

### ***Message from the HOG Dog Stand***

Hi to my fellow Hogs . . .

what a great year it has been here at HDS! We like to thanks all the wonderful friends that volunteered throughout the year and to our #1 Volunteer of the year Jim Payne. Welcome to a new Hog member Sandy that came and helped out. We have couple of changes – our hours have changed. We are operating 7-12 but we still need to be at the Kiosk at 6:30a to get set-up. You guys and gals are what makes the HDS a success. The final donation count came in and WOW we raised over **\$1,000.00**, to give to the charity this great HOG Chapter supports, **Camp Boggy Creek**. That is amazing considering we weren't able to work 3 months out of the year. That's O.K.

We have started off January very strong – we collected **\$311.45**. Woo-Hoo! AWESOME!!. Each month hopefully we can raise a little more.

On this February Valentine's Day [10<sup>th</sup>] HDS – Our J9 is going to make her special chilly to put on our delish hot dogs. We will also be giving out valentine day candy. Just a little fun to put a smile on someone's face.

We have exciting news! Paul said that they are adding Swap & Swap to the March calendar so we are able to set up HDS. The date is March 3<sup>rd</sup>. So please come and sign in at the HOG meetings or you can text me to add you on (484) 241 - 1511. Scott and I are open to any fun ideas or yummy food we can incorporate on our menu or at the HDS.

Luv Ya,

The Hot Dog lady and Scott.

### **HEAD ROAD CAPTAIN REPORT JAN 19'**

Here we are into a new 'RIDING' year 2019.

Now there are some changes, so I will go over them for you:

1. Our riding year is now the calendar year; **January 01 thru to December 31.**
2. We are still doing **20 rides for \$25** gift card, and now a new plan is **50 rides for \$50** gift card.
3. Several members have already earned and will be receiving their \$25 card at the next meeting.
4. If you had not heard, there is **no longer any points system the Chapter will be using, BUT!** ... we will be tracking the amount of RIDES a person goes on for earning their \$25 or \$50 gift card.
5. Also new, any Road Captain that plans & leads **2 rides** in a month will be in a drawing the following month for a **\$50 gift card**. Also, any member that volunteers for a Chapter/H-D Dealer function will be in a drawing the following month for **ONE OF TWO \$25** gift cards, ( That person must be signed in on a ride/sign-in sheet)
6. As always, any member can suggest a ride to anywhere, just let me, Jerry Gomes, or a Road Captain know, and we will get it planned for you [we just need a Location, Date, Time, Contact person, Etc.] We will do all the rest for 'Your' Ride.
7. If you have a need to know where your tally is for RIDES, just ask and I will let you know.

8. For Your Information: **the 2019 International Ride will be march 15<sup>th</sup>, 2019**. Please see the attached flyer in the Newsletter.
9. If YOU have any questions .... ***Do Not hesitate to JUST ASK ME***.....

***As always . . . Please ride safely***

**JERRY GOMES - HEAD ROAD CAPTAIN**

## **RIDE 365 PROGRAM**

The 'Program' is coming alive, again, for year 2019. Jean Abeling is at the Daytona H-D Dealership to record your starting mileage on your motorcycle. This is not only a personal item for riding, but as a whole to achieve a rating for the Daytona Beach HOG Chapter in overall standings within the State, as well as the Nation.

Call the Dealership: **386-642-3464 OR 386-671-7111**

Ask for Jean Abeling. She is there to record your starting mileage figures for 2019

' So get out there and ***RIDE*** ....  
those miles will add up for you and the Chapter'

## **ATTENTION ALL RIDERS**

I am trying to get a start on the amount of Daytona Beach HOG members who are planning to go on the **5<sup>th</sup> ANNUAL HOG INTERNATIONAL RIDE** during Bike Week. **[see attached flyer]** This event is sponsored by the Daytona Beach HOG Chapter, in support with Daytona Harley-Davidson. Currently there are seven [7] members who are going to participate on this RIDE, and I am getting notices that others from out-of-the-area will be joining us. I am looking to start my list of all our HOG Chapter members who are participating. Please, let me know your plans as soon as possible for your attendance at this event. It will be an enjoyable ride thru the countryside heading over to a select location for a luncheon.

## ATTITUDE

**Mitch Powell**

**Safety Officer/Road Captain**

When we're out there on the road riding our bikes and enjoying the wind in our face, it's easy to suddenly lose our temper when a vehicle cuts across our path at an intersection, barges into our lane when passing, follows too close and so on. We've all seen fellow riders gesture and strongly articulate their feelings in the moment. Some say that this is just natural human nature, but is it wise? Under the circumstances, we may feel justified in being mad, but what happens to our attention if we participate in these tirades? I know it's easier said than done, but if we don't **"Let It Go"**, we're setting ourselves up for worse things to happen. If you're that upset, pull off the road, kick, swear, count to 100, have a hissy fit if it calms you down, then kick a leg over and do what you're out there for, to enjoy riding. Let's face up to a few things. First of all, you're not going to come out on top in a confrontation with a much larger 4-wheeler. Secondly, it's a rare occasion that you'll convince anyone of anything when you are calling them names. In fact, you may turn their careless riding habits into dangerous aggression toward you. Thirdly, be ready to accept some of the blame. Did you scan far enough ahead looking for potential hazards? Did you have an escape plan? We're your skills at the level where you could confidently execute your escape plan? Although you may have been legally right, you don't want to end up dead right! It's easy to ask "What was that jerk thinking?", but in many circumstances they just didn't see you. Ask yourself "What have I done to make myself more visible?" When we decide to ride, we have to accept the fact that we are more vulnerable. Always focusing our attitude on safety is the best way to increase our odds. **RIDE SAFELY, HAVE FUN, AND ALWAYS KEEP LIV'N THE DREAM!**

**Ride Safely, Have Fun & Keep Liv'n the Dream**

**Mitch Powell**

## *Message from your Activities Director*

Hi ALL,

Many of you know Betsy Morrison, she served as Activities Director for many years. Betsy has decided to step down and Paul Gunness asked if I would serve in this role. I'd like to thank Betsy for all the great work she did while serving as Activities Director. You may notice some changes in 2019, with the biggest being the suspension of the Ride Reminder emails. All rides are on the Daytona HOG calendar (<https://www.brucerossmeyer.com/check-out-our-events--hog-calendar>). If you use Google Calendar, you can easily add the Daytona HOG calendar to yours. If you need assistance with this, see me at any meeting and I'd be happy to help. We plan to continue our chapter events (picnics, annual party, etc.) and I welcome any and all ideas. Feel free to chat with me at meetings or E-mail me at [activities@daytonahog.com](mailto:activities@daytonahog.com).

## RIDING INTO HISTORY

### ***“HIGH BRIDGE”***

***By Mitch Powell***

We've crossed this draw bridge many times on our Chapter Rides. It's located on the northeast section of the Ormond Scenic Loop and Trail and crosses the Halifax River section of the Atlantic Intracoastal Waterway. It's a double-leaf bascule bridge with a vertical clearance of 11 feet at mean high water in the closed position and a horizontal clearance of 91 feet between the fenders. I cross this bridge from Beachside multiple times each day to reach Old Dixie Highway on the mainland. I've waited many a time for the bridge to raise and lower, allowing boats to pass. In the spring, the majority of the boats are north bound to escape the summer heat here and in the fall, they are mostly south bound to escape the northern winter.

Most locals refer to this river crossing as simply “High Bridge”. If you haven't noticed, there is a plaque on the structure with the actual name, The Leonard B. Knox Bridge. Leonard B. Knox arrived by steamer via the St. John's River to Palatka in 1877. From there, he set out on foot to find the wild orange groves that were located near the area we know today as Cobb's Corner. Cobb's Corner is the last sharp turn on High Bridge Road traveling eastward before the straight approach to the bridge.

After finding the area, he returned in 1879 having partnered with the Beade family from Hampton, Iowa to become the growers of Mound Grove oranges. Mr. Knox was responsible for the widening and dredging of Bulow Creek to make the canal which parallels High Bridge Road in order to ship his citrus by rowboat to Port Orange. From there, his fruit was loaded on schooners bound for St. Augustine until the railroad arrived.

Mr. Knox first built a wooden bridge in 1892 over the Halifax River which was replaced by an iron bridge in 1921. The present steel bridge was dedicated in 1955. Mr. Knox's son, Donald, planted the seeds for the Canary Island date palms that now line both sides of High Bridge Road between Cobb's Corner and the bridge. This stretch of road was previously known as “Palm Avenue”. He lost his business endeavor during The Great Depression. I hope you enjoyed this ride thru history.

# BIKE STUFF

*By John Devito*

I welcomed 2019 in by dropping my motorcycle on day 6 of the new year. Prior to the lunch ride our lead Road Captain told us to park in front of the restaurant as it was flat and an easy in and out. Don't park around the side of the restaurant as the lot was on a hill and hard to back out. Add to that when I teach the Basic Riders Course, I tell students to park where it's easy to get out. But no, I didn't listen to lead R/C or myself. I pulled in on the side to park between Reggie and Jerry. We all had a great lunch and good conversation.

Diane parked in front of the restaurant as suggested. She waited for me to meet her out front. Reggie backed out first, no problem. Jerry next and in my rear-view mirror I could see him struggle a little. My turn next, engine off, I began rolling backwards turning my handle bars hoping to face in the right direction. Where the parking lot met the road there was a big dip. My back tire rolled into the dip. As I lost my balance and began to tip over there was no ground to put my foot down. I hit the ground with a thud. Due to the angle of the parking lot my wheels were pointing up, off the ground. Thanks to my HOG friends, too many to mention, the bike was picked up and they helped me up.

You know I'm a fan of all the gear all the time. (**ATGATT**) Thank heavens I am! As my head hit the ground, hard, I was thinking, what a good helmet. I can't imagine how bad I would have been hurt had I been helmetless. I now need to replace it. There is a crack on the side that hit the pavement. The engine guards are scuffed but no other damage. I did hurt my shoulder not to mention my pride. We did ride home. I was a little sore, but I did get there.

Our lead R/C, Mitch, told me I will never be allowed to forget this tip over. While eating lunch I told a joke about a broken washing machine. When Diane and I returned home we found our washing machine had broken, poetic justice.

I hope to see all at parking lot practice. Perhaps we should work on backing up!!

**NOTE:** *Ronda, there is no trike in my immediate future, I'm sticking with 2 wheels for now.*

Ride safe and be cautious when backing up!

Respectfully yours,

*John Devito*

## **PARKING LOT PRACTICE**

Parking Lot Practice (PLP) will continue throughout the winter months. It is held at the pavilion across from the J & P Cycle Store over at "Destination Daytona".

This is a **FREE** monthly session for Daytona Beach HOG members **ONLY**.

Roger White, Dan Vassallo, and myself [John Devito] will continue to give you the best instruction and practice courses in riding 'your' type of motorcycle.

Be it two [2] wheel OR three [3] wheels, we will continue to endeavor and make your experience worthwhile when attending these instructional courses.
